NC STATE UNIVERSITY

Discovering Nature's Possibilities 2009

REGISTRATION FORM

N.C. STATE UNIVERSITY presents Discovering Nature's Possibilities, a free seminar series open to the public. Join N.C. State on the new N.C. Research Campus for a series of seminars that will introduce you to our scientists, staff and groundbreaking research. All seminars will take place on Tuesday evenings in May from 7 p.m. – 8:30 p.m. at the David H. Murdock Core Laboratory.

Registration is required since seating is limited.
